Dear Hiring Manager,

I am currently a recent graduate at Collins Hill High School graduating in May 2026. Over the past two years, I have developed experience capturing live sporting events and creating engaging content for social media platforms, particularly Instagram. My passion for sports storytelling has motivated me to pursue opportunities within the sports media industry while preparing to earn a four-year degree in Finance and eventually launch my own digital media agency.

Since August 2024, I have worked as a freelance sports photographer throughout the Metro Atlanta area and beyond, producing high-quality visual content in fast-paced environments. I have covered collegiate football programs including Clemson University, University of Florida, Florida State University, and Kennesaw State University. These experiences have strengthened my ability to adapt quickly, work under pressure, and consistently deliver professional-quality images under tight deadlines.

In addition to photography, I am proficient in Adobe Creative Suite programs including Lightroom, Photoshop, Premiere Pro, and After Effects. I also have experience operating professional camera systems and lighting equipment, with a specialization in Sony camera equipment. I take pride in my communication skills, organization, creativity, and ability to produce compelling visual content that captures the energy and emotion of live sports.

I would welcome the opportunity to contribute my skills, creativity, and passion for sports media to your organization. Thank you for your time and consideration. I look forward to discussing how I can contribute to your team.

Sincerely,
Alvin Kuria
